HIBITED BY LAW. REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

50X1-HUM

1. The reservoir of the newly constructed power plant at Czchow (R50/Z06) on the Dunajec River was completed in December 1950. This plant was originally planned as a secondary power unit to assist the Roznow (R50/Z05) power plant during peak load periods. It is now intended to be an independent plant with an installed power of 10 MW. According to the Six Year Plan the installed power of this plant will be considerably increased.
